

Installation or Update QUADDOA® software license on client computer

STEP A: Creating Customer to Vendor file (*.C2V) for collecting status information of end user's machine

Important: The next steps have to be accomplished on the computer on which you would like to install or update the QUADDOA® Optical CAD license. The QUADDOA® software license will be only valid for this computer. Working with QUADDOA® on another computer will not be possible.

1. Download the **Full version** of **QUADDOA® Optical CAD** (**Important: Make sure to download the QUADDOA® full version and not the 45 Days Free Trial**) from the QUADDOA® website under <https://quadoa.com/download>
2. **Install** QUADDOA® Optical CAD on your personal computer by following the installation wizard.

3. Open the **Sentinel Admin Control Center** (ACC) by typing in the browser <http://localhost:1947/>

Figure 1: Sentinel Admin Control Center (ACC)

4. In the ACC, navigate to the **Sentinel Keys** Tab. Search for the Vendor with the ID “91313” and Location “Local”. On the entry with Vendor ID 91313, click on the very right side under Actions on **Fingerprint**, in order to create a new **Fingerprint.C2V** file. If a QUADDOA® license is already installed, you’ll see “**C2V**” instead of “**Fingerprint**”.
5. Save the **Fingerprint.C2V** file and send it to QUADDOA® (info@quadoa.com)
6. Wait for the V2C -File which will be sent to you by QUADDOA®. Afterwards continue with **STEP B** on the next page

STEP B: Importing Vendor to Customer file (*.V2C) to install/update the QUADDOA® License on end user's machine

Important: The next steps have to be accomplished on the same computer as in STEP A

1. Open the **Sentinel Admin Control Center** (ACC) by typing in the browser <http://localhost:1947/>
2. In the ACC click on the **Update/Attach** tab and select the **V2C-File** which was sent to you by QUADDOA®.

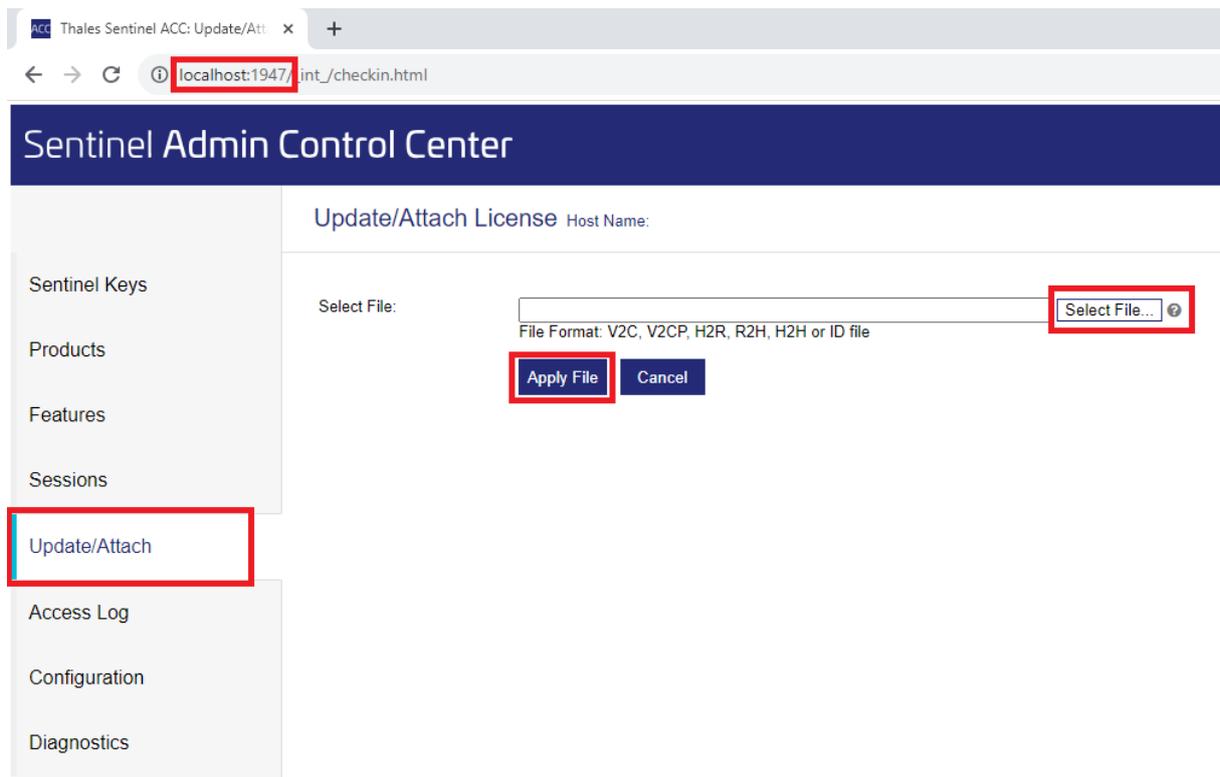

Figure 2: Sentinel Admin Control Center (ACC)

3. Click on **Apply File**, to install/update the end user's machine with the QUADDOA® License. A message will show up, that the installation or update of the QUADDOA® Optical CAD license was successful
4. You are now able to **run QUADDOA® Optical CAD**.
