## Updating/Upgrading QUADOA® Optical CAD License

# **STEP A:** Creating Customer to Vendor File (\*.C2V) for sending License information to QUADOA<sup>®</sup>

#### **General Information:**

For Hardware License with USB-Dongle: Connect the USB Protection License Dongle that you want to update to a computer on which QUADOA<sup>®</sup> is installed.

For Soft Licenses: The following steps must be performed on the computer or server where the QUADOA<sup>®</sup> license is installed.

- 1. Open the Sentinel Admin Control Center (ACC) by typing in the browser http://localhost:1947/
- In the Sentinel Keys Tab search for the Vendor ID 91313 and your personal QUADOA<sup>®</sup> Key ID. There on the very right side click on C2V, to generate the C2V-file.

- 3. Send the C2V file to a QUADOA® representative to update your QUADOA® license.
- 4. Wait for the update-file that you will get from QUADOA<sup>®</sup>. Once you received the update file, continue with STEP B on the next page for updating your license.
- → Continue on next page with STEP B to run update file

### Updating/Upgrading QUADOA<sup>®</sup> Optical CAD License

**STEP B:** Importing Vendor to Customer file (\*.V2C) to update the QUADOA<sup>®</sup> License on end user's machine

#### **General Information:**

**For Hardware License with USB-Dongle:** Connect the same USB Protection License Dongle as in STEP A that you want to update to a computer on which QUADOA<sup>®</sup> is installed.

**For Soft Licenses:** The following steps must be performed on the same computer or server as in STEP A.

- 5. Open the Sentinel Admin Control Center (ACC) by typing in the browser http://localhost:1947/
- In the ACC click on the Update/Attach tab and select the Update-V2C-File which was sent to you by QUADOA<sup>®</sup>.

7. Click on Apply File, to update the USB-Dongle / computer / server with the QUADOA<sup>®</sup> license update. A message will show up, that the update of the QUADOA<sup>®</sup> license was successful.
